Subject: Lead service lines
Date: Wednesday, September 30, 2015 9:16:00 AM
Attachments: [Copy of 50k Lead Services - KP updates.xlsx](#)

Are you in today? I need answers quickly on the number of lead service lines that may be in Dearborn Heights, Farmington Hills, and Westland. If you can find a number for Port Huron, that would be great.

The attached spreadsheet was completed by looking at what was reported in the 2011 Needs Surveys. The first 3 systems above were not included in 2011 Needs Survey and their sanitary survey could not be located on the common drive.

The list was originally compiled by selecting the communities serving over 50,000 in Michigan. I added the ones under 50,000 that were included in one or both of the last two Needs Surveys. Port Huron was included in the 2011 survey, but they wrote down "Not Available" for their number of lead service lines. If you have time, please check their sanitary survey too. I need these answers ASAP. Thanks.
