Subject: RE: Help

Hi Mike,
The investigation requires the submission of a DTMB 130 form to engage the proper resources from cybersecurity and the messaging team. I attached a copy of the form, but for future reference, it is located on the [DTMB Forms website](#).

I'm happy to help escalate as needed. Please fax the form into Enterprise Security as noted at the bottom of the form. They are generally pretty quick but I can give them a head's up if you can let me know that it's been sent in.

Thanks,

Jennifer and Manny,

We need your help on Jim's request ASAP due to the sensitive nature of this issue. How quickly can Jim's request be addressed?

I'm telecommuting on Friday but can respond to email and my cell.

Subject: Help

I need to get information from DTMB on the status of an e-mail sent by Liane Shekter-Smith.

Date of the e-mail is August 25, 2015 and was sent at 1:56pm.

I would like all of the metadata for this e-mail and a confirmation that it left the state network.

We are being accused of falsifying this e-mail.

Please assist me in getting this information from DTMB ASAP.
