Hi, Melody:

I hope you are well.

I am writing to let you know that I am withdrawing my FOIA requests that are being routed through your regional office and will not be coming to the office to review documents on Friday. We continue to receive useful information from the other regional offices in response to our requests and will focus our efforts on reviewing the documents we receive from those offices at this time. We have determined that the time and expense of visiting the Warren office to sift through what sounds like voluminous documentation is unfeasible.

If our review of the information coming from the other regional offices leads us to believe that it would be worthwhile to review documents in Warren, we will submit a new request and do our best to narrow its scope based on our review of the documents from the other offices.

I want to offer my sincere thanks for your time and cooperation in addressing my request.

Best,
John VanDeventer

We spoke on October 29, 2015, regarding the above FOIA requests and the DEQ costs/procedures. At that time, you indicated you would get back to me on November 3 or 4, 2015, to let me know how you wanted to proceed. To date, I have not received any response. These FOIA requests are due today, so I am contacting you to find out what you decided to do. Please contact me at your earliest convenience.

Thank you.
