What about on the request to the Feds? #4 deals with following through the workgroup recommendations.
 Thanks
 Maggie

I would use this phrasing, "Begin optimizing corrosion control treatment in the Flint drinking water system," realizing that this additional treatment won't begin until sometime in October (hopefully).

You could also say, "Accelerate implementation of optimal corrosion control treatment in the Flint drinking water system."

Steve or Richard, please see the attached letter. Is that the correct wording for request #4?
 Thanks,
 Maggie

Nick & Dan:
 Please take a look at the attached draft letter to Congressman Kildee, particularly the 4 requests for federal action. Please edit/add as necessary. Thanks for your quick attention to this – we need to have this ready for the Governor's signature by 8:30am tomorrow. Sorry for the tight turnaround.

Given that this was a time-sensitive log letter, we attached a draft as most staff are at the retreat.
