Subject: lead copper monitoring

Morning Mike, have you collected any lead/copper samples yet? If so please forward results. If you haven't sampled yet, please let us know what your plan is for the 1st 6 month round of monitoring due between 7/1 – 12/31/14.

thanks,

Adam Rosenthal, EQA

Subject: Lead levels still high at Ms. Walters' home

I just received a call from LeeAnn Walters' home in Flint. She had her water tested again—this time the lead levels came back at 397 ppb. I will ask her to fax me the official lab results she has. Are you aware if the City flushed her system after the last test? Any thoughts on how to respond to her? I'm running out of ideas.
