Steve,

I am forwarding this message to you as an fyi.....I will be in the adjacent (vacant) cube today finishing my review of the 30% plans and preparing a punch-list for our Thurs meeting. I can

discuss with you specific concerns Jon and I have with the submittal at your earliest convenience.

Subject: 30 Percent review 10th GCDC with DEQ

Matt-I received a call this AM from Jon and Mike regarding the meeting on the 10th your shop. They will have several comments and they see some inconsistency in details from one set to another and not standard between all sets. Also, they have an agenda for the 8th and I told them that is the standard for our meeting as well even though dated for the 8th. They prefer to not bring their sets (large) so can you have one set of all the pipeline contracts for our review on the 10th. They have several housekeeping issues, as do we, on how to streamline/notice the review process going forward. Just need to iron/smooth out to create efficiency going forward. They wish to discuss their being at the 60 percent review, on all three days, as opposed to just the last day. These items, plus others, to be discussed along with other issues and such so will be productive for us all. See you at 8:30AM your shop on the 10th. Any questions let me know.
John O'
