Sounds great. Since there are multiple drinking fountains per school, GCHD staff will be as descriptive as possible on the report form regarding the sample location.

Thank you.

We ask that the GCHD staff collecting samples please report to the main office of each school site to sign in as visitors and present GCHD identification. Principals will identify the selected fountains and direct you to their locations.

Respectfully,
 Tony

Got it, Thanks

GCHD staff will collect samples Friday morning, if it works for the schools. I will follow up with more detailed information.

A school based sampling instruction sheet is attached. We will provide copies to the Genesee County Health Department with sampling units.

A sheet should be completed for each sample. As discussed yesterday the plan is to collect 3 samples from each facility.

Steve-
 Can you work on putting together the quick info they will need?
 Thanks,
 Maggie

Greetings Maggie,

Mr. Tawwab our Superintendent has a principal meeting tomorrow morning with our district principals.

If at all possible it would be good for us to be able to present them with the information needed (protocols) to prepare for the County Health Department to get the water samples from the schools on Thursday and/or Friday.

Mr. Tawwab would like to get them a memo communication in the morning to this effect. Therefore, please send the needed information that we discussed in the conference call as early as you can tomorrow for this important communication to our district principals.

Thanking you in advance,
