Subject: Times Herald article

Hey Brad,

This is Beth LeBlanc from the Times Herald in Port Huron.

I'm working on a story about construction on the Karegnondi waterline in Sanilac County and plans to expedite that construction because of Flint's water issues. When I talked to Karegnondi they said they're working with the DEQ to identify ways to speed up the process. I was hoping to speak with you to see what kind of a priority the expedited construction is, and whether the DEQ has identified yet any ways to speed up the construction.

My number is (810) 989-6259. I'm working on the story for this afternoon so if you're able to get back to me by then that'd be great!
