All,

Here is the weekly update for the Technical Advisory Team.

Please note that we are tentatively scheduling the next meeting for Wednesday November 11th at City Hall at 2:00. I will look for feedback from everyone on their ability to make it, there will be a call in number available with better reception.

We are open for input on this report, I expect to have a regular data format available by next week. In this report I have included the last Monthly report that we sent to the state while previously on DWSD water (March 2014) and the last Monthly report we sent while on the river (September 2015).

I have tried to make sure that everyone is included on this email list, if there is an omission please let me know.

Thank you,

--
