Brad, in regards to that Pt. Huron Times inquiry we spoke of earlier –

The reporter was simply looking for LARA/BCC to confirm the date range in statements the DEQ had made to the Freep that schools built prior to the mid 80s could be of some concern. I told her that she should go with the DEQ's statements and that they were the lead department on this issue. In the future please refer all media calls related to LARA and this issue directly to me. Thanks
