Subject: Michigan Radio interview request: pre-flushing recommendations

Hi Brad and Karen,

I'm working on a couple of stories (news spots and a feature) about the debate around water testing for lead and the pre-flushing recommendations DEQ outlines for cities to use for these water tests.

Could you arrange a short taped phone interview for me for tomorrow with someone at DEQ who can talk about this?

Anytime after 10am would be great.

Thanks!
