This is what I want to send to Lisa in OEA. Please review the report and the spreadsheet. I did a white line on that last page of the spreadsheet instead of switching the blue/white shading around as it just didn't feel right. I am still waiting to hear back from LARA staff and/or Steve to see if we have a picture for that one faucet. I am guessing we don't. If we do not have a picture of it, I don't think we should leave "image not available" in there..or do we?

Thanks,

Tracy Jo
