Ok, I will get that to you in a few minutes. Do you think I should at least put the DEQ website and phone number by the logo? Or just leave all contact info out?

Importance: High

Hi Lisa,

After giving it some thought, I decided that we should not have the contact information on the report. My contact information is already on the web-site and that can be easily changed but once someone has a hard copy, that contact information may become obsolete.

Can you finish the report here soon? I would like to send it to the superintendent today if possible and then post it to the website tomorrow.

Thank you!
 George

Lisa,

I know I previously provided the address and you were still waiting on the addition of having contact info. After discussing with George, please use this under the DEQ logo on the first page that you indicated in your December 2nd e-mail:

George L. Krisztian
Flint Action Plan Coordinator
517-284-6719

Thanks,

Tracy Jo

Are there any other comments besides updated the address? Should we include contact info?

Lisa

Hi George --

Attached is the report. I will need the address for this school, which I indicated in the report.

I am also wondering if we should be including contact info in these reports? I haven't noticed any included thus far. Let me know.

Lisa

Within the next couple of days would be great. Is that possible?

Thank you!
George
