Subject: Re: Friday's meeting in Flint

Thanks, George! Let us know time, Jim. I will be there just for a short time in way up thru to Westland.

Please note that the meeting tomorrow in Flint will not be the same format as the typical meeting. It will be focused on plant operations and the City's consultants will be there. It is also anticipated that EPA will be on the line. Everyone is welcome but I wanted to make sure that you were aware that the main topic of conversation will be engineering related issues.

Also, I'm not sure if the time is the same. Jim, can you chime in on that?

Thank you!
George
