Subject: RE: DEQ MiStat Report for January 2016 - Briefings Due on January 5, 2016, COB
Importance: High

The MiStat Update has been posted to S:\EXEEX_SecureData_Staff\Wyant\2015\Flint Action Plan Updates

The name of the file is "2016-01-04 MiStat Update Flint Drinking Water"

This week's update to the Governor could potentially be added as an attachment but much of the information in the summary is in the governor's report.

Mary Beth, Please take a look to see if this is consistent with what your understanding of what this summary should be.

Thank you
 George

If you haven't already prepared your information, please make sure you do so by the deadline. This is very important that we stay on time and on track with these briefings.

Thank you.

Subject: DEQ MiStat Report for January 2016 - Briefings Due on January 5, 2016, COB

The Governor has scheduled the QOL Directors to attend the next MiStat meeting mid-January.

The Director has asked that the following topics be added to the MiStat report for January:

1. Permit Metrics – **Jack** – please prepare short-concise briefing on this issue for the MiStat report.
2. Flint Drinking Water – **George**, please prepare a short update on this issue – we might just be able to include the Monday briefing that we send on January 4.
3. Pipeline Safety - **Matt**, please prepare a short-concise briefing on this issue. What we have done thus far.
4. Recycling – **Bryce** – please share a short-concise briefing on this issue. What is new to date, the January meeting, the May Summit, Status of Recycle by Design, etc. and anything else you feel the Governor should be aware of.

The information should be as up-to-date as possible (close to the due date) and should be 1-3 paragraphs or no longer than one page, not too long for the Governor. Please prepare the briefing document as assigned above, a Word document in Arial 12, and proofread by your management assistant. All you need is the subject and then your paragraphs. Please send to Jack Schinderle, Donna Seratt, and me **by Tuesday, January 5, COB**. Donna of OEA will put together the full QOL report as I need to send it to the Governor's office by Thursday, January 7.

With the holidays approaching, please make sure you mark your calendar to work on this assignment over the holidays if you are here or on Monday, January 4 when you return back to the office. It is important that we meet the Governor's office deadline.

Thank you for working on these short briefings.

Mary Beth
