Subject: RE: Plumbing Assessment

Ms. Earl, PPI

I enjoyed speaking with you yesterday and look forward to working with you in the future. I have informed my counterparts in DLARA and DHHS of your request. As I indicated in our conversation we will be doing the initial 13 buildings and then we will be expanding the program from there.

I am hopeful that we will have the first 13 building evaluations complete within the next month and we will contact you once those are complete. I have placed a reminder notice on my calendar for Monday November 23, 2015 to call you with an update.

Please continue to use the protective measures that schools should already have in place. Although the switch to Detroit water occurred on Friday October 16, 2015, we want to emphasize caution as we move forward.

Please feel free to contact me if for some reason I do not call you by then.

Thank you
 George

Subject: Plumbing Assessment

Greetings Mr. George Krisztian,

Per our conversation, I would like to request to have a plumbing assessment for Eagle's Nest Academy. Thank you for reaching out to provide ENA with support in this very important matter. Thanks again for your support.

Educationally Yours,

Carlita Earl
 Principal
 Eagle's Nest Academy
