Hi Mark,

I will be calling schools during the first and second week in January to schedule them for evaluations

I have your contact information and your facility is on list

I look forward to working with you

George

George,

I'm just following up in the hope that we can be scheduled for the water testing soon.

Can you please let me know when we can have this happen?

Thanks,

Subject: Request for water evaluation

George,

Please schedule us for the DEQ water evaluation as soon as possible.

As we spoke during our conversation, we are a state public school located in Flint, and we have children from age 30 months through age 26. We have a school that was built in 2012, and two dormitories, one built in 1995 and the other in 1947. We are located at 1235 W. Court Street.

If you need any more information, please let me know.

We look forward to working with you.

Thanks.
