Mr. Krisztian,

Luke M. Powers High School, located at 1505 W. Court St. Flint, Mi. would like to get on your list of schools to have our plumbing tested for possible lead contaminates.

My name is Paul Bosak, my cell phone number is PPI

I understand, from our phone conversation today that this process might not happen for two to three months.

I'm looking forward to meeting you or your staff.
Thank You in advance,
Paul Bosak

Subject: School testing for lead & copper

Follow Up Flag: Follow up
Flag Status: Flagged

George,

I have recently received some inquiries regarding lead & copper testing at a couple of local schools and wanted to pass along the information. The International Academy of Flint had collected samples using our process for residential homes, while we were offering free testing to residents. If there is anything I can do to help facilitate testing, please let me know.

1. International Academy of Flint, 2820 S. Saginaw St. Flint, MI 48503 (810) 600-5000.
2. St. Paul Lutheran, 402 S. Ballenger Hwy. Flint, MI 48532 (810) 239-6733

Thank you,

—
