Jim,

Thanks for giving the Task Force the opportunity to comment on the Residential Sampling Protocol. I've attached EPA's comments.

Can either of you answer Nathan's question? Is this meeting agenda where Ill. B. states short term goal – Flint River, the only notification we have in writing of Flint's decision to use the river?

Subject: Mislabeled attachment?

Sue,

I'm reading through the Flint water documents. Attachment seven is identified in the timeline as Flint's June 2013 notification to DEQ that it plans to use the Flint River. But attachment seven is just an untitled meeting agenda. Is there a mistake, or do we not have anything from Flint formally notifying us of their decision to use the Flint River?

Thanks for any help you can give.

Best,
