Steve,

Thanks for the input, I have made the changes and will address the rates as well.

Howard,

Please revise the DEQ bullet points to as follows:

- Role of the DEQ
- Explanation of TTHM violation

Delete all others. Thanks.

Based on the calls we have been getting from your water customers, our Office strongly recommends someone from the City discuss the City's water rate structure and what the City's water rates are being used to support.

Subject: Water Forum

Here is the current agenda that I have assembled for our Wednesday night forum. I am looking for everyone to speak for about 10 minutes at the opening and then we will move to written questions.

I have attempted to highlight each persons area of expertise as it relates to initial comments and I will moderate through the questions. We do not plan to have an open microphone.

Starting time is 7:00 in the Dome, I will be available in City Hall for those that arrive early.

Thank you all for participating,
