Sorry—just getting to today's emails.

I didn't get the name of the other individual either. It's not a big deal, though. Thanks for the write-up!

Also, I mentioned to Richard yesterday on the elevator, if you guys could get me a copy of any correspondence that we send to the City of Flint on this issue or a heads up on if anything "big" is going to happen, that'd be great. I'll pass it on to the Reps.

Thanks again,
Sarah

Sarah,

I appreciate the opportunity to present information to the state reps that cover Flint regarding the TTHM violation.

I'm writing a brief summary for LDO management. Rep. Sheldon Neeley, 34th District provided me his card; however, I did not receive cards from the other two participants. I recall Mr. Phelps being the other Rep. ; however, I don't know the District # he represents. Finally, I do not have the name & title of the third person. If you could provide that to me, that would be appreciated as I will need to reference them in my summary to LDO management. Thanks!

Importance: High

Hi Mike,

I just left you a voicemail but thought you may check your email first. We just received a request from recently elected Rep. Neeley's office asking us to come over TODAY to discuss Flint drinking water.

Are you available at all this afternoon to go over with Richard and me? Please let me know as soon as possible.
Thanks,
Sarah
