Subject: Fwd: City Water Tech Team

Steve,
Not sure if this is something I can (or should) participate in.

Subject: City Water Tech Team

Mike,

The City of Flint has contracted with **Veolia** North America in order to have an additional review of the water system. As part of this review, we are working to develop a Technical Advisory Committee (**TAC**) that will that will receive reports and interact with the technical staff from **Veolia**. The City has identified 8 - 12 entities or individuals that we are extending an invitation to participate on this committee.

I would like to extend this invitation to you or your **Designated** to be a representative on the **TAC** team which we hope to have established by early next week.

I understand that this is short notice but if you would consider the offer and confirm or deny your participation I would greatly appreciate it. We are hoping to announce the names of this team at a Public Works Committee meeting Wednesday February 18th. The details of the first meeting and the ongoing agenda which is anticipated to extend through the implementation of the **Karegnondi** Water Authority as a water source will also be unveiled next week..

Thank you,

--

Subject: TTHM info

Ron,

I received your voicemail with additional questions concerning the TTHM violations with the listed supplies. Please summarize your questions, I can then forward them to the appropriate staff to best answer them, thanks. Also, many of the systems on the list are overseen by Bob London – Saginaw Bay District Office. Bob's email is.. londonr@michigan.gov
