Subject: Kudos and Credit to ODWMA Lansing Jackson District

All,

I wanted to share with you that I have been invited by Director Wyant to represent ODWMA at a luncheon with Governor Snyder next week.

This is a direct reflection on the quality and character of the work we have all accomplished in the Lansing and Jackson District over the past year and in particular on a number of high profile issues for the Department and State including Flint and Lake Erie Harmful Algal Blooms. I just wanted to acknowledge you, as you deserve full credit for this honor. You have the recognition and appreciation of myself and many others for your continuing efforts and I plan to let the Governor know that.

Again, it is because of you that this was made possible. So thanks and cheers to the Lansing Jackson District for I share in this with you.
