

that criteria when they submitted the results? Did they tell Mark Edwards or anyone else that their sampling kits are distributed randomly? Did they mean randomly among lead service line properties?

Those are just the ones I can think up at this time. I'm sure there are others we could ask.

Mr. Wurfel,

Attached are a few questions regarding the MDEQ's oversight of Flint's Lead and Copper Rule monitoring program.

I would appreciate it if you would provide me answers by the end of the day Thursday, Sept. 24.

Feel free to call me either at work (313-578-6834) or on my cell phone (PPI) if you have questions or need anything clarified.

Sincerely,

Curt Guyette
