I believe all the managers were there in the am except: Jon B. (he sent a replacement...Bob London sp?) and Kelly Green.

In the PM all field managers were there (Carrie, Liane and Chuck left at different points) and Sue and Jeremy joined in.

Do you happen to know who all was in attendance? That is typically included in the minutes so that is why I am asking....

Thanks,
Tracy Jo

Tracy,
 These were my draft notes from both the AM and the PM meeting. Can you clean these up? Also, I forgot to take minutes during Sue's talk on enforcement. Sue, do you want to add anything?

Policies and procedures, forms always go through Kate

 Training needed on sharepoint 101 (Intranet) and much deeper (workflow). KG

Discussion about 800 megahertz training. After ER meeting in May, then assess what we need for Emergency response.

- Succession Planning (Richard Benzie) -

✓ Operator Certification Program – Paul Brun Del Re Retirement – Nov 2015; Open up to other people internally, job shadowing, Paul's position (EQA 9-12) through fall exams.

✓ Others

✓ LCR/CCR Specialist Update

 This process of moving forward with these specialist positions needs to be coordinated and clearly communicated, so staff know what opportunities are available.
