Dave, attached is a rules package that I am taking to Karen Shaler for Jim Sygo's review/sign-off. I attached all of the documents listed in DEQ Policy No. 01-004 on Administrative Rules Promulgation. I also included a scanned version of the memo (executive overview) Liane signed in addition to the attached word version, if you need it.

Thanks,

Tracy Jo

Here's my first full draft of the DEQ Update for the ACE in the Soo. It is too long. Let me know what you think and what you think we should or could eliminate. I covered the RTCR, a few proposed state rule changes included with the RTCR, the upcoming January 1, 2016 deadlines for state rules modified in 2009 (particularly the Reliability Studies and General Plan requirements), marketing the DWRF, and Secondary Treatment issues.

While there are too many slides, there are quite a few that are very fast – like some of the DWRF slides that are graphical illustrations of what is presented in the previous slide(s). My second slide says I covered the Needs Surveys, but I don't think I did, so I will have to change that slide. I also have a few other things to confirm/change before I make this a final version.

I have not run through it to see how long it takes but I know I would run long. Kris said I would run long if I only had 4 slides. Audacious statement for someone still on probation.
