Subject: Results of Friday's Flint School's Water Sampling Event
Attachments: Flint Schools Lead Testing Results October 2, 2015 Sampling.xlsx

Importance: High

Please find attached the results for the Flint School water sampling event that occurred Last Friday (October 2nd, 2015). We still have one more sample to run in this data set.

The spread sheet has two tabs at the bottom. The first contains the lead results and the second contains the Copper results. All of the samples are well within the action level for Copper. The lead results will require discussion.

Thank you
George
