Hello Dan,

I wanted to thank you for the years of hard work at the DEQ. I expect that the last several weeks have been stressful and discouraging, in part due to the Flint water supply issue. I am not involved in the Flint issue and you and I have not had many interactions (we met a couple of times at Chamber of Commerce meetings); however, I appreciate the reforms and improvements you have made at the DEQ. I also appreciate your integrity and your honest intentions. I expect many of the fruits of your labor will come into season years after your service has ended. I hope you continue your service within the DEQ for many more years.

Yours sincerely
Scott Hayter
