Hi Liane, please scroll down to the bottom of this email. Could you please have the appropriate staff respond to this constituent as appropriate?

Please let me know if I need to make the Director aware of this particular note, or Brad.

Thank you.

Hi Mary Beth,

This was forwarded to me by Nancy Grijalva in the DCH Director's Office. In checking with our Public Health Administration, they indicated this should be reviewed/responded to by DEQ. Could you please forward to the appropriate person in your Department?

Thanks for your help. If you have any questions, please let me know.

Subject: water toxins in Flint, MI

Greetings,

I wrote to the CDC regarding Flint's failure to meet safe quality standards. We were sent a notice on Friday warning of potential health risks. A second notice is forthcoming. Citizens are beyond angry and fearful and it's going viral. Articles can be found on Mlive. The CDC said they could investigate, but the request would have to come from the state. They urged me to contact you. I look forward to hearing from you. The reporter covering this story is Ron Fonger at rfonger@mlive.com

Thank you,
