Subject: RE: March 25 Highlights Paragraph

DWMA is conducting a review of the KWA water line report prepared for the Treasurer's Office to assist in making a decision on the water line. WRD will also assist in evaluating the impact on DWSD..

Deputy Director Sygo has been assigned as the Point Person for the Emergency Financial Manager appointed to Detroit. Any calls received should be referred to him.

A letter has gone out last week on the petroleum Coke piles that are in temporary storage along the Detroit River. A fugitive dust plan has been requested to be submitted by the beginning of May.

DD Sygo will be attending the C3 event for Hemlock Semiconductor in Hemlock, Michigan on 3/27.

The Department will be signing on to an Amicus Brief that supports the Water Compacts. Recently Texas has challenged the authority of the of these entities to control water withdrawals.

Since we ran out of time at the SMT meeting due to the presentations given, if you wish to have something that you wanted to report and place in the March 25 highlights, please send me your paragraph or few sentences by Wednesday noon. I have received a few already. Thank you.

Steve, Mike and Richard,

Please take a look at DWSD's last best offer to the City of Flint and provide your collective perspective to the Director through Liane by the end of the week. Copy me in as well. I'll be out of the office but would like to know if you think this is worth considering.

Thank you for your expedited review.
