Detroit Preachers To Call For Snyder's Intervention In Water Crisis

The Change Agent Consortium and Preachers of Detroit will collect bottled water for Flint residents at 7 p.m. Friday in Detroit and plan to call for action from of Gov. Rick **SNYDER**.

David Alexander **BULLOCK**, the Change Agent Consortium national spokesperson, said in a statement that the situation in Flint demands immediate state action.

"We call on Governor Snyder to declare a state of emergency in Flint. He should ensure all citizens have access to clean water, institute a moratorium on water bills until the water source is safe and reverse the bad public policy decision of the emergency manager to use a contaminated water source in Flint," Bullock said in the statement.

The Friday water collection event will take place at Tony V's Tavern, 5756 Cass Ave., in Detroit.
