Subject: Re: Testing Flint Schools

Hi Maggie,

Any movement on this? I have several large institutions asking similar questions. What is the best way they can test? What is that protocol? Is it a city test?

Thanks,

Andy

Subject: Testing Flint Schools

Hi Maggie,

The Superintendent of Flint Schools would like to have his 11 buildings tested and we would like that expedited. Can you facilitate ensuring the testing gets done Monday?

Thank you,

Andy
