Dave, attached are the items ORR needs to review the JCAR package:

- Written public comments that we used to make changes to the rules, and
- An edited JCAR report indicating who made which comment.

Deidre,
 Good talking to you on the phone today. I understand that ORR needs to connect each rule change with a comment made at public hearing (either written or verbal). You asked for the transcript, which we sent you last week. Some comments, however, were only submitted in writing. Today you asked for the relevant written public comments. You also asked me to edit the JCAR Report to indicate who made which comment. I will get this to you as soon as possible.

Subject: RE: 2014-023EQ JCAR Report Submittal

I am reviewing the JCAR Report submitted on June 9th, I am having a difficult time trying to tie the changes in the rules to the public hearing comments. The rule published as proposed in the Michigan Register was 171 pages and the rule submitted with the JCAR report is 113 pages. I thought maybe when I read the public hearing transcript I could tie the changes with the comments, but the USEPA must have submitted written comments? Can you please submit the written comments where DEQ made changes to the rules. Also when changes are made to the rule after public hearing can you be specific regarding who's comment prompted the change.

Please feel free to give me a call to discuss the report.

Hi Dave -- Since changes were made to the rules after the public hearing, ORR will need a copy of the public hearing transcript.

Thank you.
