Subject: FW: Update on Site Visit Dates

Liane:

It appears that the director will be coming to the Bay City office in June and/or September. Last couple of times, he did not want to see anything related to drinking water. If he has changed his mind, we will have the new Bay County plant under construction. Also, we should have the KWA raw water pump station, located just south of the village of Lexington, under construction.

Jon

Subject: FW: Update on Site Visit Dates

Mary Beth has indicated that the Director would like to come to Saginaw Bay for his site visits on Friday, June 6th, and Friday or Monday Sept. 26, 29th. Do any of these dates cause any problems for you or your staff? Please let me know ASAP. Thanks

Subject: Update on Site Visit Dates

Dear District Coordinators:

Below is another proposed update for site visit dates in the coming months. Please review dates and let me know if you need a different date or if you want to swap with another district coordinator. I have also provided some extra dates if you need alternative dates. This has been tricky as other meetings keep popping up my way for consideration. Also, we may have other events/announcements/site visits per the different themes in the draft Communications Plan that Brad will review at Monday Morning's staff meeting. Mondays and Fridays were proposed as they are normally good days for legislators.

Kalamazoo - Fred, SW Michigan area on Wednesday, **Wednesday, April 9**. The Director will be in Cass, MI on April 8 and spending the night there.

Back up Date in case of Weather Conditions: Friday, April 25

Lansing - Mike, Monday, April 14, 9:00-5:30. Director can leave at 9:00 that morning.
Backup Date in case of Weather Conditions: Monday, May 12, starting at 9:00.

Jackson - Mitch, I have given you Friday, May 2.

SE MI - Andy, as you know we had to pull the March 12 afternoon for site visits. We may be doing another event that day afternoon instead. We will keep you posted.

SE MI – Andy, Friday, May 9. Does this work for you?

Also, Director will be in Livonia on Tuesday, June 10 for the Environmental Compliance Conference doing the welcome speech. We may be able to also do a couple of sites if it works out.

Also, I will be working with Rep. Talabi's office for a Detroit sites tour and will keep you posted on that date.

Grand Rapids, Heidi, Friday, May 16. Does this work for you?

Also, Director will be in GR on Thursday, June 5 for Environmental Compliance Conference doing the welcome speech. We may be able to also do a couple of sites if it works out.

Saginaw Bay Chris, Friday, June 6. Does this work for you?

Cadillac - Phil, per our conversation we are going with Friday, June 20, and then spend the night in Traverse City area and then Director travels to RAM Center on **Saturday, June 21 for MUCC Speech on Saturday, June 21.**

Cadillac Phil, per our conversation, the Director has a speech at Boyne Mt the evening of **Thursday, June 26 then he can do site visits on Friday, June 27.**

Gaylord - Phil, in addition, Director will be in the Gaylord area on August 12. He will want to visit with staff that day and I may arrange for him to stop at RRD's In Service Training on August 11 or 12.

UP - Steve, I have given you July 30, 31, and August 1 for the UP. Also, as you know the Director met with UP staff on Friday, February 14. As a heads up, we may need to slightly alter the UP dates but I need to talk with the Director further on this as an ECOS meeting has now popped up in Washington DC on July 31. Stay tune....

Extra Available Date: Monday, June 23, starting at 9:00

Extra Available Date: Monday, June 30, starting at 9:00

Note: I do have some Monday afternoons available on the days of SMT meetings. May need some of these for "events".

Other dates for the second time around:

Jackson – Mitch – Monday, July 21 – Does this work for you?

Lansing and/or Grand Rapids – Mike and Heidi – Monday, August 18, leaving Lansing at 9:00. Or Friday, August 22. Do one of these work for you?

Saginaw - Chris - Friday, September 26 or Monday, September 29. Do one of these work for you? I do not have very many Mondays or Fridays in September for the Director.

SE Michigan, Andy, Friday, October 10 – Does this work for you?
