

We reviewed the letter from the City of Flint that you submitted to document commitment by the City of Flint to participate in the KWA project. Based on the letter and the e-mail below, it appears that Flint is still considering their options and are not committed to the KWA project; therefore, we have not included the KWA project in the City of Flint's survey.

Thanks,
Michelle Lee

Attached is a letter from the city of Flint that states their support and intent on proceeding with the Karegnondi Water Authority (KWA) project. The city is continues to investigate several options within the overall project to determine the volume of KWA water that they will ultimately purchase. In most recent discussions with the city, they are considering to have the ability to purchase between 20 and 25 MGD of water from the KWA.

If you have any further questions or need any additional information; please don't hesitate to call me or send me an e-mail.
