Here is a list of the messages I have that involve communication about Flint during the first half of 2015. Most of the messages I received were internal but there are some that included communication with Flint representatives. However, I am simply receiving a copy and one or both of you are also involved in those communications.

The ones that are from me are all internal and not to or with Flint.

Here's my first full draft of the DEQ Update for the ACE in the Soo. It is too long. Let me know what you think and what you think we should or could eliminate. I covered the RTCR, a few proposed state rule changes included with the RTCR, the upcoming January 1, 2016 deadlines for state rules modified in 2009 (particularly the Reliability Studies and General Plan requirements), marketing the DWRF, and Secondary Treatment issues.

While there are too many slides, there are quite a few that are very fast – like some of the DWRF slides that are graphical illustrations of what is presented in the previous slide(s). My second slide says I covered the Needs Surveys, but I don't think I did, so I will have to change that slide. I also have a few other things to confirm/change before I make this a final version.

I have not run through it to see how long it takes but I know I would run long. Kris said I would run long if I only had 4 slides. Audacious statement for someone still on probation.
