I'm still not done, but here is a cleaner, slightly more streamlined version after incorporating some comments from Pat and Liane. Mr. "Get 'R Done" wanted me to cut more, but at this point I have not yet done so. I have also attempted to clean up and add (or subtract) to some speaker notes.

I did have a slide on the Needs Survey and I left it in. If Mike and Liane find they can't do this in a half hour, I will cut more.

Here's my first full draft of the DEQ Update for the ACE in the Soo. It is too long. Let me know what you think and what you think we should or could eliminate. I covered the RTCR, a few proposed state rule changes included with the RTCR, the upcoming January 1, 2016 deadlines for state rules modified in 2009 (particularly the Reliability Studies and General Plan requirements), marketing the DWRF, and Secondary Treatment issues.

While there are too many slides, there are quite a few that are very fast – like some of the DWRF slides that are graphical illustrations of what is presented in the previous slide(s). My second slide says I covered the Needs Surveys, but I don't think I did, so I will have to change that slide. I also have a few other things to confirm/change before I make this a final version.

I have not run through it to see how long it takes but I know I would run long. Kris said I would run long if I only had 4 slides. Audacious statement for someone still on probation.

Subject: Flint water quality complaint

I forwarded the caller's message to Richard so he could also listen to it.

Steve: A woman who did not give her name, but I got the phone number by pressing 5 – 989-472-4165.

She complains about a concern of Legionella in the City of Flint water supply, that people are dying because of it, that the local health department isn't doing anything about it. Action is needed now. There are lots of discussions on Facebook. People should have the right to drinking water that is right for them.

She called me after I had left for the day and indicated she would call me back today.

Can someone contact her?
