

Please find attached the PDF from Dr. Hanna-Attisha's presentation to several members of the After Action Report Team. Her presentation was very informative. Please note her recommended potential next steps beginning on page 32, especially the secondary prevention interventions beginning on page 41. We need to begin looking at her recommendations, compare them to ours and begin costing out some requests.

Thank you for the presentation and your approach to this. When you can please share a version of the presentation I can pass in to Sue, Eden and the others in my Population Health area.

Nick

Mr. Baird and all the other guys,

It was a pleasure meeting everyone and a privilege to present to you all. As I said, we have an incredible and unique opportunity to mitigate the impact of this population-wide exposure. If we act now, proactively, we can buffer our kids from the life-altering impacts of lead poisoning.

Flint has many claims to fame (we put the world on wheels, we birthed Mr. Baird!, etc); and now, with your leadership, we can continue to build generations of strong, smart, and healthy children.

If I can be of any further assistance, please don't hesitate to contact me. Email or cell PPI.

Thanks again, Mona

 Subject: Meeting with Dr. Mona Hanna-Attisha and Flint Water
 When: Monday, December 14, 2015 11:00 AM-12:00 PM.
 Where: Governor's Conference Room, 2nd Floor Romney Building, 111 S.
 Capitol Ave., Lansing, MI 48933

Good Morning,

This is to confirm the meeting with Rich Baird on Monday, December 14 at 11:00 a.m. in the Governor's Conference room, second floor Romney Building, 111 S. Capitol Ave. Lansing, MI 48933.

We are located at the George W. Romney Building, 111 S. Capitol Avenue, Lansing. The Romney Building is located directly across the street (Capitol Avenue) from the Capitol Building. There is some metered parking around the building. The closest parking facility is one block south at the corner of Capitol Avenue and Allegan Street (enter the parking facility from Capitol Avenue).
