- ♦ Mott Children's Health Center distributed 117 PUR filters (that you attach to the faucet, [part of the batch that the United Way purchased and was distributed at U of M Flint).
- ♦ Mott Children's Health Center's leadership has put together a lead information packet. The intent of the packet is to distribute to patients. The packet includes information on appropriate filters and resources and how to obtain

them. Genesee County Health Department will update Mott Children's Health Center as necessary with new distribution locations.

- As noted by Mott Children's Health Center, most parents of newborns continue to use bottled water to mix with formula.
- Genesee County Health Department continues to distributed water filters at its lead screening clinic in Burton.
- After a complete inventory is taken at all water filter distribution sites of remaining water filter cartridges, The State of Michigan has agreed to purchase additional PUR replacement filters.
- As of December 4, Michigan Department of Health and Human Services has distributed the following:

|                        |        |
|------------------------|--------|
| Water Filters          | 11,046 |
| Water Pitchers         | 184    |
| Replacement Cartridges | 1,073  |

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Genesee County Health Department distributed a press release supporting Professor Marc Edwards' announcement to Flint residents to remind them that the water is still unsafe to drink without a faucet filter. Also, attached to the press release was a poster that list water filter distribution locations.
