Hi Sandy,

If the Local EOC is requesting state resources including staff, that request must go through the proper chain of command. Mr. DeVriendt should contact his MSP Emergency Management District Coordinator in LT (J. R. Edelman) request assistance. Assignments of state assets to the LEOC would come down from the State Emergency Operations Center (if appropriate to the incident). If the request is for state human services or health staff then the assignment decision must be made by DHHS leadership. I agree that the best DHHS representative at the LEOC would be someone

that is currently participating in Flint. Dr. Wells would not be appropriate but Linda Dykema is intimately involved. She may be attending the 1:00 meeting already.

Jacqueline S. Scott, D.V.M., Ph.D.
