Good Afternoon,

Attached is the updated EBL Project Flow Chart for your files.

The EBL Environmental Investigation Progress Report includes the data variables and descriptors that we are currently collecting for environmental investigations only. I plan to update at least weekly. It can be found in:

S:\EBL Investigations\Environmental Investigations\Admin\EBL Progress Reports

The EBL Progress Report spreadsheet has 2 Tabs: Tab 1 is the contact and progress of each unit that has been referred for and EBL Environmental Investigation; Tab 2 is the descriptions for each cell on the contact and progress report.

Please let me know if you have questions or comments,

Thanks!
