Subject: Flint 211

Hi all:

I was just reviewing the DEQ Flint website....I'm guessing it's probably making its way thru the process, but if not - we might want to also include the 211 free filter message in the highlighted section at the top of the website where it mentions getting your water tested...

http://www.michigan.gov/deq/0,4561,7-135-3313_3675_73946---,00.html

Jim (GCHD) is cc'd on this email & can probably fill in any info gaps...

Just a thought...thanks!
