I found a typo on the Flint & Your Body flyer. If you haven't already shared, please hold up! I'll get you a fixed version ASAP!

Michelle,

I'll share the update with our team. Yes, printed copies would be helpful. We are working with the City to include lead inserts with water bills to residents. Printed copies of "Lead and Your Body" and "Lead in Water" FAQ's would be ideal. The locations that you mentioned are also great ideas to get the message out.

Thanks Jim

Feel free to use...

I'm checking to see if we have any budget available to print...I was thinking it'd be nice to have them printed and distributed to local health clinics/doctors/city market/etc...to hang on bulletin boards or whatnot. Do you think that would be helpful or will social media/web distribution be enough?

Hi Jim:

Just following up...Have you heard or seen anything about this? I was told it would hopefully go live yesterday, but haven't seen it hit the web nor heard any follow-up....Hoping maybe today?

- Michelle

I believe I have addressed all of our comm dept's issues, so I'd hope it won't be long...I'll kept checking the website...I wasn't really ever told about the last one....but I'll let you know when I find it or hear from them. :)

Thanks! It looks great. Do you have a time frame for the final "Lead and Your Body" FAQ?
