Subject: Genesee County Health Department water filter system daily mass notification - 10.20.15

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Genesee County Health Department Community Health Director, Tamara Brickey, connected Chris Mann (GCHD IT consultant) with Ed Berger from MTA to reference the water filter database for an upcoming water filter distribution to disabled clients.
- Tamara Brickey, spoke with Vicki Austin Sacharski from the Disability Network for the purpose of connecting Disability Network clients with water filters. DN will track information of those clients who call in with questions about filters and get the information to GCHD. We will pass that information along to MTA for delivery. GCCARD may be able to assist with installation.
- Tamara is reaching out to a regional representative from DaVita Dialysis to help coordinate the distribution of water filters.
- Department of Health and Human Services has distributed the following:
113 filters (of which 1 went to daycares)

10 – 8 cup pitcher
 1 – 23 cup pitcher- to daycare
 Total distributed 124

- Flint Community Schools Superintendent, Bilal Tawab met on Friday, October 16, 2015 with representatives of MDEQ, LARA, and DHHS to discuss a new round of water testing at each of the Flint Community Schools starting on Wednesday, October 21, 2015.

Subject: RE: Genesee County Health Department water filter system daily mass notification - 10.19.15

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- 100 water filters were delivered to Burton location of Planned Parenthood for distribution by GCHD.
- Tamara Brickey (GCHD Community Health Director) and Hilda McShane (GCHD Marketing Specialist), met with MTA about reaching disabled and dialysis patients. MTA will work with GCHD to determine which MTA Your Ride clients may be in need of water filters.
- Another dialysis provider in Flint has requested 30 filters for patients.
- Toni (Nursing Director, GCHD), Jori July (GCHD Immunizations Supervisor) and Hilda McShane met this AM with Molina. Further arrangements with Molina will be made. No date set at this time.
- GCHD is still awaiting communication from Total Health Care.
- Department of Education has come out with a statement that all school age kids in Flint should be lead tested. Our state colleagues along with Toni will work on getting education out to the schools/families regarding getting kids tested.
- Diplomat has a program that they do with physicians about vitamins for kids. Dr. Mona Hanna-Attisha (Hurley) is talking to them about changing the formulary of the vitamin to help with lead issues in kids.
- Jim Henry (GCHD Environmental Health Supervisor) met with DEQ representatives on Friday. DEQ is proposing starting a new round of water testing in all schools receiving Flint water as of Wednesday, October 21, 2015. DEQ is proposing a stakeholder meeting every Friday to discuss updates.
