Subject: RE: meeting call in information

I will be participating in an exercise this morning with one of our local schools, so I will be unable to attend. Please send out a follow up report to the mornings meeting.

At this time, I have no volunteers coming forward to volunteer during the current established dates and times of distribution.

A group from Kettering would like to do something on Saturday, please let me know if there is a need that needs to be met!

Thank you,
