FYI -- this is what Genesee PH issued, so we're trying to get consistent with this.

Stan, Brenda, Nancy, and Kristin,  
 See attached. More info on the Genesee County Health Dept website.

For WIC, we are following Health Officer Mark Valachek's lead on this. It looks like the testing is being covered for water, if kids want to get lead tested, they can do that and work through WIC clinics if further steps needed.

Thanks,  
 Rashmi

Mikelle,

Happy to work with you on this and appreciate any assistance the state can provide. The "lead in water" fact sheet is posted to our website <http://www.gchd.us/> under the popular pages column. We sent our recommended revisions to the city water department for the advisory and will forward that when it is available.
