

- The attached document was provided, emailed, and mailed to 346 licensed food establishments using City of Flint Water by the Genesee County Health Department (GCHD). The Michigan Department of Agriculture and Rural Development (MDARD) emailed and mailed the attached document to: grocery, food processing establishments, and party stores using City of Flint water. This document is available at www.gchd.us.
- Michigan Department of Health and Human Services (MDHHS) and Genesee County Community Action Resource Department (GCCARC) distributed 247 water filter systems and 11 water pitchers on 10.15.15.
- The Michigan Childhood Lead Poisoning Prevention Program (CLPPP) created a [toolkit](#) to help agency partners, primary care providers and community advocates prepare for lead week, October 25-31, 2015. The Michigan toolkit contains ideas for local lead week activities, a sample press release, sample social media posts and a sample news article. Several CLPPP brochures have also been revised in anticipation of lead week, including the handout for parents, "Is Your Child Safe From Lead?" and a new handout for pregnant and breastfeeding mothers. A CLPPP program profile and a quick reference guide for primary care providers is also in the toolkit.
- Genesee County Health Department Nursing Director, Toni La Rocco, will meet with Molina Healthcare of Michigan representative, Omar Sims, to plan a lead clinic in the near future.
- DaVita Dialysis' Hurley location received 100 water filter systems on 10.16.15 from the Genesee County Health Department.
- Planned Parenthood is scheduled to receive 100 water filter systems on 10.19.15 from the Genesee County Health Department.
- Genesee County Health Department is working with Flint Mass Transit Authority (MTA) to distribute the water filter system to disabled and kidney dialysis YOUR RIDE customers.
- Chris Mann will have additional conversations with the State to discuss updates to the database for tracking filter distribution.
- Genesee County Environmental Health Supervisor, Jim Henry, is meeting with the DEQ laboratory director to discuss future samplings.

Subject: RE: Genesee County Health Department water filter system daily mass notification - 10.14.15

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- As requested by the state of Michigan, Chris Mann of GCHD made all the requested changes to the water filter system database.
- DaVita Dialysis Center has requested 100 water filter systems. Filters will be dropped off Wednesday, October 14.
- Genesee County Health Department will be delivering 100 water filters to Planned Parenthood on Monday, October 19.
- City of Flint Schools' Superintendent is reaching out to his principals requesting input on the distribution of the water filter system to staff and families.
- Dr. Laura Carravallah reached out to Marc Edwards of Virginia Tech regarding the copper levels in the Flint water. Marc did test the Flint water and copper levels in the water are within EPA standards.
- Nursing Director, Toni LaRocco, is finalizing plans for an upcoming lead clinic with McLaren Health Plan on November 5. Toni and staff are in talks with Molina Healthcare of Michigan to schedule another lead clinic.

If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Chris Mann and GCHD Community Health Director, Tamara Brickey, are working with the State to insert more field information to the current Excel water filter database.
- GCCARD's Lippincott location does not have stable internet connection and because of this, staff are not using the most up-to-date water filter system Excel file. The State is gathering this information and will send Genesee County Health Department their Excel database and we will upload the data on a daily basis.
- Tamara has made contact with Flint Schools. She will make arrangement with staff and student's families to receive a water filter system. A date for the filter distribution to staff and student's families has not been set.
- Jim Henry, GCHD Environmental Health Supervisor got a call from State. They are looking for our staff to do another round of sampling at all Flint schools who receive city of Flint water.
- Planned Parenthood will receive 100 water filters for distribution to their clients.
- GCHD will be making contact with the Disability Network to continue planning to reach the disabled population within Flint that need assistance obtaining a water filter.
