Great! Ok- good- and CLPP funding would be great- but do not feel you have to represent MDHHS (our liaisons have their own connections) but the more they hear things from folks outside of DHHS is great! I will find out if our folks want to have a thing else brought up!

Friday is the meeting as of now.

Would love to build momentum to tighten loopholes in lead and copper rule and increase funding for CLPPPs.

Would love to hear what ideas your legislative staff may have, especially in regards to the MI CLPPP.

Thanks!

I hear you! Yes Siam I am having weird dreams. One question I forgot but did follow up with our communications people: what day do you see Debbie Stabenau?

Got it. Hang in there.

It's gets really messed up when you start dreaming about lead - I mentioned it to my research team, and evidently they've been having lead dreams/nightmares too. I think I worked them too hard.
