**Subject:** Update on lead data upload issues.

Hi all,

Bob Scott updated me on the upload of child lead data into the warehouse

"As of next Monday, we'll be two weeks behind on Lead records in the Warehouse. Jessica's computer (and everyone's around here) was upgraded to Office 2013 last Friday. ....but Access 2013 will not handle DBF files. We have used Access for a few years as a pass-through to get the DBF format (dates, I think) exactly right for loading to the Warehouse.

When I get back, I'll work with the folks from Optum to see what we can do about getting files in Warehouse-ready format."

Bob will be back next Monday.

I can pull data from the warehouse next Monday, but be aware that it may not be complete.
