OK, no problem. If we come up with anything reasonable before then, we'll pass it on.

Oh Bob,

I am sorry I forgot to let you know the meeting for CHAP this week was cancelled so Toni will do the presentation in January.

Thank you

Sherry Taylor, RN, BSN

Sherry,

I forgot to ask about this (the map for Toni) on our call yesterday. Has she already done the presentation?

It was deemed that the points on the map should be somewhat randomized to protect privacy. One of my colleagues made a first attempt at that, but it spread them out so evenly as to be pointless. (no pun intended) He's going to try again.

Please let me know whether you need a map or not. He'll probably keep working anyway, to learn more for future requests.

Thanks,
Bob

I talked with my supervisor, showed her the new map, explained you have the old one --- she's going to talk with her boss tomorrow. If we can do this, would Monday be soon enough?

Thanks,
Bob

The map is going to be used in a Presentation that Toni is giving to a community partner, CHAP. So yes it is an audience outside of the health dept.

Sherry,

Can you tell me what the map will be used for? If it will stay internal to GCHD, no problem. But if you're planning to display it to an outside audience, there may be a problem regarding confidentiality. (Even though the map will be similar to last year's, there is more and more attention to what goes out these days.)
